Introduction

Helping your organisation to create a welcoming environment for Aboriginal and Torres Strait Islander people

Welcome to the Inner North West Primary Care Partnership’s (INW PCP) resource guide.

This guide responds to research on the need to increase Aboriginal and Torres Strait Islander peoples’ access to health services. It forms part of the 2013–14 Action Plan of the Inner North West Metropolitan Region Closing the Health Gap Wellbeing Partnership (CtHG Wellbeing Partnership). Local Aboriginal and Torres Strait Islander consumer feedback suggests that one way to encourage improved health service access is to “Make environments more inviting and respectful of our culture by displaying Aboriginal and Torres Strait Islander artwork, cultural symbols, posters, health promotional material and other cultural information”.¹

The INW PCP, with the assistance of member organisations and industry colleagues, has developed an online resource for organisations to purchase or source relevant information on Aboriginal and Torres Strait Islander businesses, social enterprises and peak body organisations providing culturally appropriate information and goods.

The CtHG Wellbeing Partnership of the INW PCP recommended that the online resource guide be converted into a more user-friendly document. The guide is now available online or as a PDF. Both formats can be found on INW PCP’s website http://www.inwpcp.org.au/closingthehealthgap.

The CtHG Wellbeing Partnership endorses this resource guide and encourages all member organisations to use it to create a more welcoming environment for our local Aboriginal and Torres Strait Islander community.

How to use this document

We suggest that you initially browse through this document to identify the range of Aboriginal and Torres Strait Islander organisations that can provide assistance to your organisation to:

- Create a welcoming environment for Aboriginal and Torres Strait Islander peoples
- Provide information on Indigenous historical, cultural and key community events
- Source information on Indigenous social enterprises including catering and media production
- Source culturally relevant health information for Indigenous peoples
- Improve your relationships and referral pathways with key Aboriginal and Torres Strait Islander organisations and services.

If you are reading this document online, please note that each organisation’s name is linked to their website. Simply click on the name and it will link you directly.

Please note that information on and links to organisations, websites, brochures and policies do not constitute a recommendation to use what is listed above other sources of information that may be available in other organisational settings or websites.

The index is designed to provide the specific information you require under key areas listed.

**Warning:** This guide and its linked sites may contain the names and images of Aboriginal and Islander people now deceased.
1. Aboriginal and Torres Strait Islander Organisations
Following is a list of relevant Aboriginal and Torres Strait Islander organisations and sources of health information. Please note there may be other organisations not included in this list that may provide further support to your organisation. The list presents Victorian-specific organisations first, followed by national organisations. The list will be updated online on a regular basis.

UNDERSTANDING PROTOCOL AND LANGUAGE

Many non-Aboriginal Australians may have limited understanding of, or contact with, Aboriginal communities. This means that non-Aboriginal people and organisations are not always sure how best to engage, consult and work with the local Aboriginal community. The following organisations can help with information on how to conduct culturally appropriate welcoming ceremonies, events and acknowledgements.

Wurundjeri protocol

City of Yarra has put together some respectful and culturally appropriate starting points for linking with the City of Yarra’s traditional owners – the Wurundjeri People – as well as the broader Aboriginal community.

Protocols for recognising traditional owners

The Office of Aboriginal Affairs Victoria (OAAV) is a key agency that provides advice to the Victorian Government on Aboriginal policy and delivers a range of programs.
CULTURALLY APPROPRIATE EVENT MANAGEMENT

Indigenous protocols event management guide

City of Moonee Valley produced this guide to help ensure that events are culturally appropriate.

Protocols for introducing Indigenous music

Australia Council for the Arts has produced a guide designed to be an initial point of reference in planning a work with Indigenous music practitioners or using Indigenous cultural material.

Protocols for Indigenous art and culture

The National Gallery of Australia developed this guide to assist organisations hosting exhibitions to understand Indigenous protocols relating to art and cultural activities.
WELCOMING CEREMONIES

To provide culturally appropriate ceremonies at special events, book a Welcome to Country, Smoking Ceremony, and Dancers etc. Download a booking form and email to: events@wurundjeri.com.au (booking form: http://www.healthwest.org.au/images/stories/healthwest/pdf/resources/wurundjeri_wtc_request_form.pdf)

Health and Community Services Audit

This audit tool for agency planning and review was developed by the Making Two Worlds Work project by Mungabareena Aboriginal Corp and Women's Health Goulbourn North East, supported by Upper Hume Primary Care Partnership and Wodonga Regional Health Service.

RECONCILIATION PLANNING

Reconciliation Australia

A national organisation promoting reconciliation between Aboriginal and Torres Strait Islander peoples and the broader Australian community.

Through the Reconciliation Action Plan (RAP) program, organisations develop business plans that document what they will do within their sphere of influence to contribute to reconciliation in Australia.

The RAP outlines practical actions the organisation will take to build strong relationships and enhanced respect between Aboriginal and Torres Strait Islander peoples and other Australians. For more information on the program, resources, templates and links visit the website http://www.reconciliation.org.au/raphub/

**Byalawa website**

http://www.byalawa.com/

Learning and teaching resource for working with indigenous patients and clients.

The Byalawa resources have been designed by the Byalawa Project Team as part of the Australian Learning and Teaching Council Competitive Research Grant. The Byalawa Team included health academics and clinicians from The University of Sydney and James Cook University and represented a wide range of health professions including speech pathology, occupational therapy, medicine, nursing, pharmacy and dentistry. Leaders in Indigenous health education from both Universities were important team members. Scenarios and case studies used in the resources were developed from themes emerging from information gathered through discussions with Indigenous people about their experiences with interviews and information sharing with health professionals.
4. Community Information
The following sources present community, cultural and historical information from Aboriginal and Torres Strait Islander communities’ perspective.

Please note that links do not constitute a recommendation to use a particular organisation, newsletter, or other publication. This list will be updated online should further sources be identified in the future.

**ONLINE INFORMATION**

**Share Our Pride**
Reconciliation Australia developed this website in response to a request from industry for an introductory site for employees. Aboriginal and Torres Strait Islander people from across the country have provided input and feedback on the content. Every effort has been made to capture the diversity of Aboriginal and Torres Strait Islander cultures but to keep the content simple and introductory.

**The Black Book**
The Black Book Directory lists more than 2,700 Indigenous people and organisations working in the arts, media and cultural industries. You can search listings by their state, Indigenous nation or language group, name and category. A list of 2,000 Indigenous works of music, literature and screen productions can be sourced through the Black Book Library on this site. Subscribe to Black Mail

**The Australian Indigenous Health Bulletin**
http://healthbulletin.org.au/about/
The HealthBulletin is the online journal of the Australian Indigenous HealthInfoNet and brings together the latest information about Indigenous health. There are four editions published per year with each edition running continuously for three months.

**Victorian Aboriginal Health Service (VAHS)**
http://www.vahs.org.au/
Provides regular updates on upcoming events, activities and opportunities at VAHS, as well as important changes to the organisation and the publication of reports and resource materials.

**Victorian Aboriginal Community Controlled Health Organisation (VACCHO)**
A quarterly newsletter and monthly E-lert provide updates on events, conferences, forums and important dates.

**WGAR News (Working Group for Aboriginal Rights)**
http://wgar.wordpress.com/category/newsletter/
Monitors the media, including alternative media, focusing on the Northern Territory intervention, the Aboriginal sovereignty movement, Aboriginal rights issues and upcoming Aboriginal rights events around Australia. The newsletter publishes information and opinions from a wide range of sources. Subscribers receive around seven e-newsletters each week. To subscribe, email wgar.news@gmail.com and include the words ‘subscribe WGAR News’ in the subject line.

5. Community Events
It is important for organisations to support and participate in annual Indigenous events. The following information has been provided to assist organisational cultural planning processes.

**Community Events**

**National Close the Gap Day**  
March  
National Close the Gap Day (NCTGD) is a way for all Australians to join together to acknowledge and pay respects to the hundreds of Indigenous cultures around the nation. The festival has now grown into a day long, multi-activity event, attracting crowds of up to 5000 people who come together in the name of reconciliation.

**Share the Spirit Festival**  
26 January  
[http://sharethespiritfestival.com](http://sharethespiritfestival.com)  
The Share the Spirit Festival takes place each year on Australia Day, otherwise known as Survival Day. Share the Spirit started as a small gathering of local members of the Koori community who banded together to acknowledge and pay respects to the hundreds of Indigenous cultures around the nation. The festival has now grown into a day long, multi-activity event, attracting crowds of up to 5000 people who come together in the name of reconciliation.

**National Sorry Day**  
26 May  
Sorry Day is an annual day of commemoration and remembrance of all those who have been impacted by the government policies of forcible removal that have resulted in the Stolen Generations. The first Sorry Day was held in Sydney on 26 May 1998, and has since been commemorated nationally on 26 May each year. Thousands of Australians from all walks of life participate in memorial services, commemorative meetings, survival celebrations and community gatherings, in honour of the Stolen Generations.

**Share the Spirit Festival**  
26 January  
[http://sharethespiritfestival.com](http://sharethespiritfestival.com)  
The Share the Spirit Festival takes place each year on Australia Day, otherwise known as Survival Day. Share the Spirit started as a small gathering of local members of the Koori community who banded together to acknowledge and pay respects to the hundreds of Indigenous cultures around the nation. The festival has now grown into a day long, multi-activity event, attracting crowds of up to 5000 people who come together in the name of reconciliation.

**NAIDOC Week**  
First full week in July  
NAIDOC – National Aborigines and Islanders Day Observance Committee – is a celebration of Aboriginal and Torres Strait Islander cultures and an opportunity to recognise the contributions of Indigenous Australians in various fields. NAIDOC Week celebrations are held across Australia each July and encourage all organisations to host events to celebrate their relationship with local Aboriginal and Torres Strait Islander communities.

**Reconciliation Week**  
27 May to 3 June  
National Reconciliation Week (NRW) is celebrated across Australia each year between 27 May and 3 June. The dates commemorate two significant milestones in the reconciliation journey – the anniversaries of the successful 1967 referendum and the High Court Mabo decision. The week is a time for all Australians to learn about our shared histories, cultures and achievements and to explore how each of us can join the national reconciliation effort.

**May 27 marks the anniversary of Australia’s most successful referendum** and a defining event in our nation’s history. The 1967 referendum saw over 90 per cent of Australians vote to give the Commonwealth the power to make laws for Aboriginal and Torres Strait Islander peoples and recognise them in the national census.

**On 3 June 1992, the High Court of Australia delivered its landmark Mabo decision** which legally recognised that Aboriginal and Torres Strait Islander peoples have a special relationship to the land – that existed prior to colonisation and still exists today. This recognition paved the way for land rights called Native Title. Year 2012 marked the twentieth anniversary of the Mabo decision.
6. Welcoming Environment and Resources
Research suggests that one way to make organisations culturally welcoming is to display Aboriginal and Torres Strait Islander health-related brochures and posters in your reception area and waiting rooms, including posters explaining self-identification of Aboriginal and Torres Strait Islander status. There are many online brochures and posters available for ordering or free download and printing. Find the links in chapter 8 of this guide.

This section of the resource guide provides information on items that can be purchased to help your organisation to be more culturally welcoming of Aboriginal and Torres Islander peoples.

Please note that links do not constitute a recommendation to use a particular organisation, guideline or protocol.

**FLAGS**

Fly Aboriginal and/or Torres Strait Islander flags outside or inside your building:

- For information on where to purchase the flag, how to display it, and copyright, visit [NAIDOC](http://www.naidoc.org.au/indigenous-australian-flags)
- For purchase of flags and images representing flags, visit [Birubi Art Australia](http://www.birubiart.com)

Black represents the Aboriginal people of Australia.

Red represents the red earth, the red ochre used in ceremonies and Aboriginal people's spiritual relationship to the land.

Yellow disc represents the Sun, the giver of life and protector.

They supply Dreamtime stories with teachers resource guides, Indigenous memory card and flash cards games, Torres Strait Island books, dolls and resources, music, posters, DVDs, flags, maps and much more.

**Yarn Strong Sista**
An online Indigenous education consultancy. You can shop for teacher resources, children’s books, artefacts, etc.
7. Health information – Kids
Over half of all Aboriginal and Torres Strait Islander children in Victoria are under the age of 18 and there is a gap between the health status of Indigenous children and children from other communities. Research indicates that Aboriginal and Torres Strait Islander people want access to culturally relevant health information. This is particularly important for their children, who benefit from seeing information that supports their cultural identity development as well as health literacy.

Please note that links do not constitute a recommendation to use a particular guideline or protocol.

**BROCHURES**

Get Up and Grow brochures
Department of Health–Aboriginal and Torres Strait Islander-specific publications. Seven full-colour brochures cover the essential healthy eating and physical activity topics to support settings, staff and families.

Provides information on health promotion resources associated with Aboriginal and Torres Strait Islander infant and young children’s health.

**Programs for Indigenous Families: Australian Government’s mychild.gov.au website**
The gap between Indigenous and non-Indigenous children in some key life areas has widened in recent years. This means Indigenous children have lower life expectancy at birth, lower birth weights, higher rates of death and injury, lower rates of school readiness and exposure to higher levels of violence than non-Indigenous children. This site provides information on the importance of the early years for Indigenous children and why they are a particularly vulnerable group.

**Australian Child and Adolescent Trauma Loss and Grief Network – Indigenous children and families**
Provides useful information on child and adolescent trauma, loss and grief from an Aboriginal or Torres Strait Islander perspective. It gives a more detailed cultural explanation of how Indigenous children may inherit ‘losses’ associated with family history or loss of identity, which add to existing adolescent problems.

**Australian Indigenous HealthInfoNet – Infants and young children**
http://www.healthinfonet.ecu.edu.au/population-groups/infants
Provides quality information and resources about Indigenous infants and young children’s health.

**Secretariat of National Aboriginal and Islander Child Care (SNAICC)**
The national non-government peak body in Australia representing the interests of Aboriginal and Torres Strait Islander children and families. The SNAICC’s policy focus is currently grouped around four areas: Early Childhood Development, Child Protection, Family and Community Support, and Social Justice.

**Department of Human Services**
